LIBERATION OF OMAN AND THE ARABIAN GULF,

"A People which Oppresses Another cannot itself be free"

News of the combined British-Iranian invasion of the liberated areas of Oman has reached us.

Progressive British people cannot but denounce this new Imperialist invasion and the atrocities committed by the invading forces against the heroic DHOFARI people. The bombing of civilians by the R.A.F. and by British artillery, the burning of villages, the destruction of wells, the killing of cattle, the burning of crops, the tortures carried out by British officers throughout the Gulf area, and all the other criminal actions will not arrest the march of the 9th June Revolution and will not save QABOOS and the other Sheikhs and Sultans nor will it help their imperialist masters to achieve more than a delay of the peoples' final victory.

The recent British-Qaboos invitation for the Shah of Iran, who is stained with the blood of thousands of Iranian martyrs, to join the British and puppet forces in their war against the people of Oman and the Gulf, is a proof of their failure to defeat the people united with their militias and the Peoples' Liberation Army and led by the Popular Front for the Liberation of Oman and the Arabian Gulf. The new invasion also puts into practice the new role of gendarmes of the Gulf assigned to the Shah's regime by U.S. and British imperialism.

The new imperialist invasion will, like the previous ones, fail in its objectives but it will strengthen the unity between the Arab and Iranian peoples in their struggle against Imperialism and its puppets. It will also raise the awareness of the British people as to the role of their government and the criminal actions of its forces in Oman and the Gulf and to the unity of struggle of our two peoples. And above all, the new invasion will strengthen the resolve of the people of Oman and the Gulf to resist the Imperialists in all parts of Oman. It will expose the nature of the rulers and their lies about democracy and the fake "democratic" institutions under the shadows of the U.S. bases, British intelligence torture houses and Iranian and Saudi patronage. Those who invade and bomb south Oman cannot be friends of the ~~north Omani~~ people of north Oman.

Finally, we express our solidarity with the people, the N.L.F. and the government of Democratic Yemen who, themselves, are victims of constant imperialist-reactionary aggression and who have taken a principled stand of continuous support to the revolution in Oman and the Gulf
