IMPORTANT STATEMENT BY COMRADE ABDEL FATTAH ISMAIL

ON 9th JUNE

To mark the tenth anniversary of the 9th June revolution a massive rally was held on the eve of Monday 9th June, 1975, following huge massive processions. For this rally the Yemeni masses came out to greet the tenth anniversary of the procession of the struggle of our people to affirm their determination and backing for the struggle of our Omani people.

The rally was attended by many of the Arab and foreign diplomatic corps and the representative of Arab liberation movements as well as a delegation from the Afro-Asian Organisation, and a delegation from the Soviet Committee for Solidarity with the peoples of Asia and Africa.

It was also attended by Comrade Abdel Fattah Ismail, Secretary General of the Central Committee of the National Front Political Organisation and some members of the National Front Central Committee.

Comrade Abdel Fattah Ismail delivered a speech on this occasion in which he condemned the Iranian invasion of Oman and described it as an open interference against the Arab nation, entirely. In his speech the Secretary General of the National Front called upon all Arab regimes and the Arab national liberation movements to stand up for facing the imperialist danger and the danger resulting from Iranian expansion in the Arabian Gulf area.

Comrade Abdel Fattah Ismail warned that this area might become an area posing danger to the freedom and sovereignty of the Arab people in the Arabian Peninsula and Gulf and the entity of the Arab nation. Comrade Abdel Fattah Ismail said that confrontation of this danger necessarily calls for a united stand by the Arab regimes in backing and supporting the revolution of the people of Oman against the forces of imperialism and reaction so that the revolution shall be able to expel the foreign invaders and to liquidate the puppet occupationist forces linked with them.

Comrade Abdel Fattah Ismail strongly condemned the national treason committed by the puppet Qaboos regime which recently hired the Masirah island to the United States of America. Comrade Abdel Fattah Ismail reaffirmed Democratic Yemen's firm support for the revolution of the Omani people under the leadership of the People's Front for the Liberation of Oman. He said that such stand affirms the right of the Omani people to determine their own destiny without any foreign interference.

Other speeches were also delivered by the representative of the People's Front for the Liberation of Oman who praised the firm stands of the People's Democratic Republic of Yemen and also highly valued the stands of support and backing by some other Arab national regimes such as Libya, Iraq and all Socialist countries and friends who support our issue.

A speech was also delivered by the leader of the delegation from the Soviet Committee for Solidarity with the peoples of Asia and Africa who affirmed the stand of the Soviet people by the side of the struggle of the Omani people and their continuous support for it for its freedom from foreign influence.

He said in his speech: "The patriots of Oman have recorded throughout the past ten years wonderful pages in the history of the Arab national liberation movements. In spite of the attempts by reaction to isolate the liberation struggle in Oman from the world public opinion yet the solidarity campaign by the progressive forces with the struggle of the Omani people is continuously and constantly increasing and expanding along with the international position of the People's Front." He condemned the foreign interference in Oman and declared confidence over the victory of the Omani people.

Other speeches were also delivered by the representatives of the liberation organisations and mass organisations.

MARTYR ZAHER GROUP BLASTS AL-MIRANI FORT IN MUSCAT

In reply to the acts of repression and terrorism exercised by the criminal Qaboos authorities and in retaliation for the souls of the martyrs who were martyred in the homeland and those who are still sitting in the cells and dungeons of the dreadful Muscat prisons awaiting their role in the physical torture and to mark the tenth anniversary of the glorious 9th June revolution, the Martyr Zaher Ali Jattar al-Miyehi group planted on 25th May, 1975, an explosive device in one of the arms stores at al-Mirani fort in Muscat which is about 500 metres away from puppet Qaboos palace. The device exploded causing a huge sound which terrified the inhabitants of Muscat. The explosion resulted in the destruction of a large portion of al-Mirani fort and fire broke out in it for several hours. About one hundred soldiers and officers from the puppet Qaboos army which exists inside this fort have been wounded and killed.

AL-MIRANI FORT - Cont'd.

It is to be recalled that a military barrack belonging to the enemy army is stationed in this fort.

News agencies beamed the incident which the Muscat authorities attributed to be caused by gun powder. The traitorous authorities in Muscat carried out extensive arrest campaign amidst the ranks of the army directly after the incident.

JALLOUD SAYS: ARAB REGIMES DID NOT SPEAK EVEN ONE WORD
ABOUT THE INTERFERENCE OF 20,000 IRANIANS IN OMAN

In the fifth anniversary of the evacuation of the American forces and bases from the Libyan Arab Republic, a huge ceremony was held in which the Libyan people and members of the Libyan Revolutionary Command Council participated.

The ceremony was attended by Comrade Ali Nasser Mohammad, Prime Minister of the People's Democratic Republic of Yemen and the delegation accompanying him in addition to some leaders of the Palestinian resistance including Comrade George Habbash, Comrade Ahmed Gibrael and Comrade Naif Hawatimah.

Comrade Abdel Sallam Jalloud, Prime Minister of Libya, delivered an important speech on this occasion on behalf of Colonel Muammar Qaddafi, in which he reviewed the conspiracies of imperialism, Zionism and reaction which are being woven against the Arab national regimes for liquidating the Palestinian and Omani Revolutions and other Arab revolutionary forces.

Jalloud also dealt in his speech with the situation in Oman. He said that if the puppet Iranian and Jordanian forces do not withdraw from Oman, the Libyan Arab Republic will go to fight with the revolutionaries and people of Oman to expel the Iranian invaders and the British and American forces which protect the puppet Qaboos regime. He also warned British and American colonialism and the Iranian invaders and the mercenaries of puppet Hussein to withdraw from Oman and to leave puppet Qaboos solve his problems with the revolution and people.

Jalloud said that this serious responsibility at this time in particular calls upon all Arab regimes which did not utter a single word on the interference of 20,000 Iranians in Oman, to define their stands. He said that silence is now killing us while confronting Zionism. It is also killing us in Oman. Jalloud warned the Anglo-

American colonialism and the Iranian invaders and the puppet regime in Jordan from the consequences of continuing to fight the Omani people and to interfere in Oman, a matter which qualifies the area to become a new South-East Asia. He said that the Libyan Arab Republic will unite with all revolutionaries and national forces in the Arabian Gulf and Peninsula.

Other speeches were also delivered on this occasion by the leaders of the resistance, who praised the stands of Libya towards the national and patriotic issues of Palestine and Oman.

QABOOS SUPPORTS THE LOOSENESS OF CONDITIONS IN THE COAST

The Muscat authorities show increasing attention towards what is going on in the north of Oman, where calls rise for ending chaos and continuing the tribal mentality and defending the independent existence of every emirate. Some statements began to be made by the federal ministers to the extent of giving indications to end tribal chaos. The Muscat authorities were keen to worsen conditions continuously with the Federal authorities and with Ras al-Khaimah particularly after placing the area which it occupied from Roos al-Jibal under the influence of Iran. The official circles in North Oman show increasing attention to the activities carried out by the Muscat puppets which activities meet with the Iranian activities in these emirates.

EXTENSIVE PROTEST DEMONSTRATIONS IN U.S. AGAINST AMERICAN
AND IRANIAN INTERFERENCE IN OMAN

Numerous American towns witnessed roudy demonstrations and meetings in protest against the American interference in Oman and continuation of the Iranian invasion and the military campaigns which are being launched by the colonialist and reactionary forces against the liberated area.

In New York a massive demonstration was staged on 15th March which was called by the League of Iranian Students, the Democratic People's League, the Gathering of Revolutionary Students, the Anti-Fascist and Anti-War Youth Organisation and the Eugene Alliance. In spite of the chilling cold, the crowds came out for the demonstrations which roamed the main streets of New York upto the headquarters of the United Nations and the standing delegation of Iran as well as the Arab League office.

Following this successful demonstration, the issue of our people in Oman attracted the attention of the progressive public opinion in New York. The progressive press covered the progress of the demonstration. To prevent the demonstration from turning into a mere protest one, the said organisations were called to a meeting on 20th March at the headquarters of the Iranian Students League to form a committee in support of the Omani Revolution and to discuss the method of extending backing to the struggle of the Omani people.

In the town of Corvallis, in the State of Oregon, the branch of the Arabian Students Organisation organised a solidarity symposium on the struggle of the Omani people. In Detroit the branch of the Organisation of the Arab Students and Workers and American Progressives organised a song gala which included donations by those attending in favour of the struggle of our Omani people.

In the town of Chicago the League of Iranian Students and the Arab and American students organised a meeting in solidarity with the People's Front for the Liberation of Oman. A symposium was held at Denver University organised by the Arab students in solidarity with the People's Front. All these demonstrations and solidarity meetings with the struggle of our people express the real feelings of the American, Arab and Iranian masses in the United States and reveal the displeasure of the Americans (who are to come across facts) over the American interference in Oman. They know that the American and Omani peoples will pay from their blood the cost of such interference which is being exploited by the pockets of monopolies and arms traders.
