NEW REPRESSIVE STEPS IN ABUDABI ON PRETEXT OF CONTROLLING IRANIAN INFILTRATION

It was announced in Abu Dhabi that the Union of Arab Emirates authorities had taken new security measures to prevent illegal Iranian immigration.

This is an old tune played by the puppet regimes in Oman and the Arab Gulf region and repeated by the oppressors whenever a new plot is being hashed or a new terrorist raid is being launched.

It is not a secret that the influential people with the consent of the stooge regimes carry out the smuggling of Iranians to the Emirates for the benefit of the large profiteers in the rotten machinery.

The compradors and merchants exploit the poverty stricken Iranians and threaten them with imprisonment and expulsion. They are blackmailed into the worst form of exploitation, driven into racial antagonism and employed against workers' strikes and even popular movements.

The repetition of this tune, to eliminate illegal immigration, is only a smoke screen to increase the suppression of the progressive elements under the pretext of searching for illegal immigrants, to launch a wave of arrests and to expel patriotic Arab elements calling them illegal immigrants.
