بناية شقرا الدور الخامس  
شارع بلس - رأس بيروت

لبنان

after Oct '67

### OFFICIAL ANNOUNCEMENT No. 1

No. ....

الرقم

Date .....

التاريخ

The population of Oman Imamate State is about two millions, living in an area covering over 350.000 Km<sup>2</sup>. This country after centuries of imperialistic domination has just established its first Post Office which was never known in the history of this part of the world.

His excellency, Imam Ghalib has been a great leader, devoting himself always to the service of his country people who are the loyal volunteers of Oman.

The Post Office started operating on 30th Oct. 67, first it will assume the maintenance of important postal services inside the country then undertake the regular despatches to and from of all ordinary and registered air mail matters all over the world.

In Oman Imamate so far no banks or any other sort of financial institutions have been established yet for this and for some other reasons, the people of Oman are fighting since eleven years against imperialism which deprived them from freedom and civilisation.

As a matter of fact, we should like to draw the attention of the people living abroad on this important and rich State of Oman and ask them to bring their moral and material contributions to all dealers, collectors, newspapers and periodical publishers all over the world through the Omani Mission Delegate in Lebanon that the General Post Office of Oman is now looking for trustworthy and well experienced dealers throughout the world (Europe, America, Australia, Japan etc...) to act on our behalf as agents for spreading out Oman stamps and their publications for worldwide collectors.

Those who are interested in this matter can write to the under mentioned address for detailed information.

Address. -

Oman Mission to Lebanon  
Shagra Building, Bliss St.  
Ras-Beirut  
LEBANON

Signed.

YOUSSEF S. TADROS
